

A community pillar, the Graver Family has been tree farming and landscaping for over 40 years. Ingrained with a sincere appreciation for the beauty of the outdoors and the new life it brings, displaying magnificence on our farm whether it be a manicured tree field, stately rock wall, or rolling brook bordered with Pennsylvania native plants is a deep passion. We welcome you into our 70 acre oasis to capture your most memorable milestones forever.

Built on the original stone foundation from the 1850s, our newly transformed barn is the cornerstone of the farm. Standing tall with its Douglas Fir beams, wrapped with Hemlock Fir board and batten, and held together with solid Oak pins, you're guaranteed to feel the authenticity of true Amish built elegance while ambling across the rustic yellow pine floors.

Stroll through the Apple Orchard, past the boulder waterfall, along the bustling stream, and through the tree fields on your way to Spring Valley Pond stopping at endless photo opportunities along the way. Available for photo sessions during any season, the farm offers countless backdrops for amazing photos.
